# INVITATION AND OPPORTUNITIES

We cordially invite you to the German LS-DYNA Forum, to be held 6 - 8 October 2014, in Bamberg, Germany.

Over 300 participants were informed at the last two-day conference in more than 81 technical presentations and in a hardware and software exhibition with 26 exhibitors.

The conference is an ideal forum for LS-DYNA and LS-OPT users to present, share and discuss their experiences as well as to obtain information on upcoming features and to learn more about new application areas. High-profile speakers from industry, research and academia will contribute with presentations on various applications of LS-DYNA, LS-OPT and their associated programs. The main topics will be crash, occupant safety, and metal forming.

We are looking forward to welcoming you as exhibitor and/or sponsor at the LS-DYNA Forum 2014.
